TRANSFORMADOR
16VCA/40VA FUSIBLE
INTERNO DSC (PTC1640U)

The transformer encapsulation
The PTC1640U allows you to power
alarm systems for any application. It
features PTC protection to prevent
voltage fluctuations and surges from
reaching the connected system.

Technical Specifications

- Input voltage: 120VAC, 60Hz Output
- voltage: 16.5VAC, 40VA
- Connection type: Screws.
- With LED indicator.
