

Technical Specifications:

YONUSA TUBOAP201 – Corner post for electric fences with 5 corner insulators installed / 1.20 mts.

The YONUSA TUBOAP201 corner post is the essential component for ensuring the tension and stability of any electrified perimeter fence. Unlike standard walk-through posts, the 201 model is structurally designed to withstand the mechanical force of the tensioned wire without bending.

Technical Specifications

- Galvanized Corner Post.
- 1.2 meters.
- Includes 5 corner insulators.
- 1' Diameter.
