

## 90° Articulated Octagonal Arm Model WJ90BM4

# WEJOIN

让我们一起努力

[www.wejoin.com.cn](http://www.wejoin.com.cn)

### Description

4-meter articulated octagonal arm, consisting of two 2 m sections (2 m + 2 m), designed for installations with height restrictions. Its 90° articulated mechanism allows the arm to fold vertically as it raises, optimizing the available space. It measures 4.5 cm in width × 10 cm in height and is designed for use with WEJOIN vehicle barriers in covered and underground parking facilities, as well as areas with structural height restrictions.

### Specifications

1. Length: 2 m + 2 m (main barrier + safety barrier)
2. Arm Width: 4.5 cm
3. Arm Height: 10 cm
