

MICROSD MEMORY CARD | DHI-TF-P100

FUNCTIONS

High-quality, superior-performance memory cell

High-quality memory cells, precise manufacturing, and strict inspection ensure high speed and stable performance.

High speed transmission and writing

The transmission speed is up to 100MB/s and the write speed is up to 60MB/s.

Excellent for capturing 4K UHD video

Ideal for recording 4K UHD videos, taking videos, playing games, watching movies, listening to music, sending data and more.

durable design

Four types of protection: resistant to high and low temperatures, waterproof, antimagnetic and anti-X-rays (certified by an authorized testing organization); adapt to a variety of environments.

high compatibility

Support mainstream digital cameras and products.
